

Field Service Engineer - Germany

C-RAD is a global medical device company with head quarter in Uppsala. We develop, produce, maintain and sell innovative solutions to healthcare customers. The focus is on patient positioning, monitoring and imaging within radiation therapy. We are market leader in the field of optical patient positioning. C-RAD is a stock listed company at NASDAQ OMX Nordic Exchange. C-RAD group consists of three daughter companies in Sweden and sales offices in the USA, Germany, France and China. C-RAD is ISO 13485 certified.

Our core values are Professional, Organized and Honest.

*We are currently looking for **Field Service Engineers** to strengthen our Global Service team.*

Join C-RAD to fight cancer

Our products enables precision health through positioning and monitoring of patients in radiation therapy, which maximize the dose in tumours and minimize the dose in surrounding tissues.

We are now strengthening our Service team with a Field Service Engineer to pursue installations and maintenance on our medical products, primarily for the German speaking market but international assignments will also occur.

The focus is to pursue first class Service to our customers on site at the clinics as well as provide 1st line support from the home office.

Your profile

We are looking for a talented engineer, preferable with a couple of years of experience from technical service roles, with a willingness to travel.

You have a broad technical interest with a solution-oriented attitude and knowledge in solving issues within the area of electronics, mechanics and IT. A professional and a service-oriented mindset are some of your key assets. The below characteristics are skills related to this role:

- Engineer/technician in Electronics, Mechanics, Computer engineering or IT, or equivalent working experience.
- Strong drive and motivation in learning new products
- Customer and quality-oriented approach
- Team Player with good interpersonal and communicative skills
- Driven and self-motivated
- Structured, analytical, responsible and professional
- Solution oriented approach, positive and service minded
- Fluent in English and German, additional languages is a plus
- Experience in working with medical device equipment at hospitals

What we are offering for you

- Interesting position in an innovative, fast growing international company with a great team spirit
- A fun and constantly changing work environment with skilled colleagues and exciting products with new technologies
- Short decision-making processes supporting an efficient working environment
- Attractive possibilities for self-development and career progression
- Competitive compensation package

Next steps
