

Field Service Engineer

Join C-RAD to fight cancer

C-RAD is a fast growing global MedTech Company with its head quarter in Uppsala. We are developing, producing and selling innovative solutions for the healthcare field. Our focus is cutting-edge solutions for patient positioning, monitoring and imaging to ensure exceptionally high precision, safety, and efficiency in advanced radiation therapy, helping to cure more cancer patients and improve their quality of life.

We are market leader in our field and have established a global presence. C-RAD is a fast-growing company and stock listed at NASDAQ Stockholm.

Your contribution to our success:

We are now strengthening our Service team with a senior Field Service Engineer to pursue installations and maintenance on our medical products, and also support in technical training of C-RAD and partner engineers, primarily for the German speaking market but international assignments will also occur.

The focus is to offer first class Service to our customers on site at the clinics as well as provide 1st line and 2nd line support from the home office.

Your profile:

We are looking for a talented engineer, preferably with at least 4-5 years of experience from technical service roles, with a willingness to travel. You will be reporting into our Service Manager EIMEA and APAC.

You have a broad technical interest with a solution-oriented attitude and knowledge in solving issues within the area of electronics, mechanics and IT. A professional and a service-oriented mindset are some of your key assets. The below characteristics are skills related to this role:

- Engineer/technician in Electronics, Mechanics, Computer engineering or IT, or equivalent working experience
- Strong drive and motivation in learning new products
- Pedagogical skills, experience from training
- Customer and quality-oriented approach
- Team player with good interpersonal and communicative skills
- Driven and self-motivated
- Structured, analytical, responsible and professional
- Solution oriented approach, positive and service minded
- Fluent in English and German, additional language is a plus

- Experience in working with medical device equipment at hospitals

What we are offering you:

- Interesting position in an innovative, fast growing international company with a great team spirit
- A fun and constantly changing work environment with skilled colleagues and exciting products with new technologies
- Short decision-making processes supporting an efficient working environment
- Attractive possibilities for self-development and career progression
- Competitive compensation package

Next steps:

If this position is of interest to you, please send us your application incl. a CV. Interviews are being held on a current basis, please send in your application as soon as possible.
